The last day at the desk

Banking, service career ends for Wilbur Dawson

A banking career spanning 45 years and an outstanding record of public service are the two major achievements of C. Wilbur Dawson who retires this week as manager of the White Rock branch of the Bank of Montreal.

A native of Winnipeg, Mr. Dawson received his education in Victoria and in 1915 joined the Merchants Bank of Canada which later merged with the Bank of Montreal.

He was appointed manager of the new branch at Ganges in 1948 and came to White Rock as manager in December of 1951.

Mr. Dawson served at branches in Victoria and Oak Bay and became accountant at Prince Rupert in 1932. He also served at Kelowna, Penticton, and Duncan in similar capacities.

Wilbur was a member of Duncan Rotary Club for 12 years and went through all the offices. After serving as president he worked back to the position of secretary.

Since coming to White Rock (See DAWSON, Page 10)

John F. Donnelly has been appointed new manager of the White Rock branch of the Bank of Montreal. He takes over his duties this week. See story page 11.

Goat invited to make debut

Wanted: One Goat.
That's the appeal coming from White Rock Players who need the goat - should be docile but needs no previous theatrical experience - to complete the cast of "The Teahouse of the August Moon," which will be the opening production in the new Hilltop playhouse.

Players hope to find the four-legged cast member quickly in order to give him, or her, a tryout in the early stages of rehearsal.

Goat owners who think they have a suitable animal can oblige the club by calling Mrs. T. Guy Weston, who's in charge of properties at WI 8-9346, or Mrs. Denis Meade, WI 8-8661.

Hospital charges Victoria with 'run around' tactics

Charges of "run-around" tactics have been levelled at the provincial government by Board of Trustees of White Rock District Hospital.

Trustees claimed at their January meeting they were getting the "run-around" from the government since making their request for hospital expansion in order to cope with the present overcrowding problem.

The Board made the same

charge against the government regarding the periodic cancellation of elective surgery which occurs at the hospital.

No actual planning of a new hospital can take place until government approval is received for the expansion and the number of beds needed for the building is known, the trustees report.

The Board earlier urged construction of an entirely new reinforced concrete structure on the south end of the present site. It recommended that the present building could be used as an annex or hospital for the chronically ill.

"There is available space on the five-acre hospital site for almost any type of planning," a hospital spokesman said.

The Board has been negotiating with Victoria for a new hospital since May, 1958 when a report was forwarded to the B.C. Hospital Insurance Service outlining the need for expansion.

The brief was supported by the Lower Mainland Regional (See HOSPITAL, Page 5)

Day drive for some mothers

White Rock Kinsmen Club has announced that a number of marching mothers will be canvassing homes in this district during the day of Saturday, Jan. 30.

The blitz in aid of child care, polio and rehabilitation is actually scheduled to kick off at 6 p.m. but some mothers will visit homes before this time.

Full details of the drive appear on page 8.

Influenza bug 'not serious'

An influenza "bug" which is plaguing schools in this district has been described as "not serious" by Dr. H. K. Kennedy, director of Boundary Health Unit.

Dr. Kennedy reports there is a mild type of flu circulating but it has not caused mass absenteeism among school children.

He told the Sun Wednesday that his department has investigated and found that many children have a mild throat infection which must be assumed to be influenza.

"Although several more serious cases with symptoms such as high temperatures and nausea have been reported, the average case does not seem serious enough to keep children home from school," Dr. Kennedy said.

Absenteeism has been high in schools in this district with nearly 100 students reported absent from White Rock Junior High School.

B.C. Premier impressed with our beach program

Premier W. A. C. Bennett is "very much impressed" with the four-point plan for the development of the Semiahmoo Bay waterfront area, according to T. J. Irwin.

Irwin, president of Semiahmoo Beach Improvement Association, returned to White Rock this week after receiving a favorable reception from Premier Bennett and Hon. E. C. Westwood, minister of Recreation and Conservation, on the 10-mile beach program.

Westwood will be the chief speaker at the mammoth meeting of the Association slated for Monday, Feb. 8 at 2 p.m. at Panda Supper Club, Campbell River Road. Meeting will be held rain or shine.

Hugo Ray, Q.C., chairman of the government's committee on metropolitan parks, and J. W. Wilson, executive secretary of the Lower Mainland Regional Planning Board will also address the meeting.

William McLennan, M.P., and federal government engineer Bob Wallace visited White Rock recently in order to gain first hand conception of the beach development program.

Thomas Bleakley, vice president of the Association, who has carried out much of the groundwork for this meeting, commented:

New Little League to include two city teams

A new Little League organization has been formed in this district that will include two teams from White Rock.

The new league will be known as the Cloverdale-White Rock Little League. It replaces the former Cloverdale Little League that was forced to split this year due to growth in the area it covered.

Two entries from Cloverdale will make up the four-team circuit. White Rock teams will again be known as the "Tigers" and "Athletics" with the Cloverdale entries taking the names of "Dodgers" and "Cardinals."

Last year the Cloverdale Little League consisted of two teams from White Rock, two from Hjorth Road and one from Cloverdale.

Hjorth Road entries broke away from the Cloverdale circuit this year in order to form a new league in their vicinity.

Application for a franchise was made to Little League headquarters at Williamsport at the first meeting of the newly-formed Little League held Monday at the Silver Moon Hall.

Hal Wilson, president of White Rock Boys Baseball Association, acted as chairman for the meeting.

White Rock Rotary Club has sponsored the Tigers in previous years with a number of local merchants sponsoring the Athletics.

A 12 game league schedule will be drawn up for this season's operation.

Officers named for the new league Monday were: Vin Coyne, president; Orville Nielson, vice president; Mrs. Eva Folk, secretary treasurer, and Alice Davey, purchase committee. One other member is to be appointed to this committee. Terry Bailey represented

Ratepayers say

OAP should be exempt from paying school taxes

A resolution urging that all old age pensioners be exempt from paying school taxes has been forwarded to city council by White Rock Ratepayers Association.

The Ratepayers endorsed the motion of A. T. Carlson Thursday at their quarterly meeting held in the Canadian Legion Hall after considerable discussion on school taxes.

An amendment put forth that the resolution include "all pensioners" was defeated in favor of the motion to exempt only "all old age pensioners."

Ald. Ed Irwin, speaking as a taxpayer, said "I believe that petition has been made through the UBCM. It would be well to check and see what has been done."

He reminded the group that the word pensioner was a very broad term.

"Some pensioners have incomes of \$300, \$400 and even \$500 per month," he said.

George Wilson said he felt the young couples should bear the school tax burden.

Mr. Carlson said that Hon.

Leslie Peterson, Minister of Education, had stated he was not in favor of school costs being taken over by the provincial government as the responsibility to run the schools (See OAP SHOULD, Page 5)

Two women hurt in crash with taxi

Two local women are still in hospital today after the car in which they were riding collided with a taxi at Pacific and E. Streets Monday.

Mrs. Annabella Pirie, 15251 Columbia Avenue, and Mrs. Margory Walton, 1509 Nichol Road, driver of the car, were taken to White Rock District Hospital after the mishap.

The cab operator, Bill Mofat of 1062 Finlay Street, escaped uninjured.

Mrs. Pirie is believed suffering from a broken leg and collarbone.

Surviv RCMP are investigating a break-in to White Rock Elementary School last week when a quantity of articles were stolen.

Annual report

527 active members in First United Church

A year of advance and progress with reported at the annual meeting of the First United Church in White Rock last week.

Under the title "Workers together with God" the annual report of the church was presented and the chairman, the Rev. A. R. Laing, speaking to the report at the beginning of the meeting, said that working together in the church begins with loyalty to Christ who calls all men unto Himself and binds them together in the great task of sharing the work of the Kingdom of God.

Mr. W. H. Sutherland, acting Session Clerk, reporting for the Session, said that at the close of 1959 the membership of the church was saddened by the loss of its Session Clerk, Mr. James T. Pirie who had served faithfully for over a decade, and announced that Mr. F. F. Paterson had been appointed by the Session to become its new Clerk.

Mr. Paterson undertakes this new office with much experience in church work and the meeting congratulated him on his appointment.

Mr. Sutherland reported that during the year 87 new members were received into full communion, 38 of these being transferred from other churches. This makes a record total of 165 being received into full membership in the last two years and speaks well for the ongoing work of our church fellowship.

A considerable number of these have been young people and young adults who are now taking an active interest in the life and work of the church. There are now 527 active members and 22 non-resident members, making a total of 549 members in full communion. There are 241 families now connected actively with the church.

Speaking on behalf of the Committee of Stewards, Mr. Danby Hannah, its chairman, gave an encouraging and forthright report on the progress of the years' work.

During the year his committee has been very active in all its activities and he said that 1959 has given further evidence that the First United Church of White Rock is indeed a big family.

This family, like any other, has its problems of financing, organization and spiritual uplift, and the fine degree in which each has been carried out has signified the progress of this great family.

He continued by saying that in fulfilling the duties of our

own personal families we are conscious that we are one family with a common goal.

"No department in itself can satisfy the need of any church worker. All must work together in helping to guide the steps of our children and young people into a fuller knowledge of God and to set a living example for our teen-age groups to guide them into the paths of Christian living. We must have one objective, the furtherance of God's Kingdom in all we do," he said.

The report on Christian Education was given by the chairman of that committee, Mr. F. Forrest, and for the Women's Association by Mrs. R. J. Foster, and the Women's Missionary Society by Mrs. W. Bush. Each of these reported a year of advance with financial increases for both the work in the church and overseas. The Missionary and Maintenance Secretary, Mrs. V. C. Johnson, reported that the sum of \$1433 had been sent this year to that fund and this was over twice as much as the previous year.

The Financial Report was presented by the treasurer, Mr. M. M. Greig, who spoke on the steady improvements being made in the finances of the church. During 1959 a financial drive under the Church's Sector Plan had been undertaken and he acknowledged the fine work done by all those concerned in the program.

He reported this has given over a 30 increase of income and during the coming year will enable this church to take further steps in its ever widening program and activities. The Budget was presented for 1960 which proposed an expenditure of over \$25,000 and the meeting adopted and approved this Budget.

The election of officers resulted in the appointment of eight new Elders who are: Mr. G. Plain, Mrs. J. Sinclair, Miss A. Stevenson, Mr. W. Cooper, Mr. D. F. Reid, Mr. L. L. Lewis, Mr. W. J. Murray, Rev. Dr. Geoffrey Glover. There are nine new members on the committee of Stewards and these are Mrs. G. B. Brock, Mr. W. F. Davidson, Mr. G. Drever, Mrs. Gladys Johns, Mrs. V. G. Johnson, Mr. S. N. McGhan, Mr. O. Ring, Mr. W. Slaughter, Mr. A. Witt.

Also re-appointed as delegates to Presbytery were Mr. D. Hannah and Mrs. R. J. Foster and to the Annual Conference, Mrs. A. Cowles and Mr. J. H. Mordean. Mrs. S. Turnbull has been appointed as organist and choir leader.

Following the meeting in the church auditorium the members retired to the Church Hall for refreshments and social fellowship kindly provided by the ladies of the Woman's Association.

Overseas duty begins for A. C. Dale Nutt

A tour of overseas duty with the American Airforce slated to last a year and a half was begun Monday by A. C. Dale Nutt, husband of Mrs. Barbara Nutt, daughter of Mayor Harry T. Douglass and Mrs. Douglass, Buena Vista Avenue.

Dale will be stationed at Santa Rosa Island, 80 miles off the Californian coast, directly west of Los Angeles.

During his absence Barbara and her young son, Douglass, will make their home with her parents in White Rock.

Private service for Mrs. Downey

Private funeral service was held today from Chapel Hill Smith, Oliver, B.C. and one sister, Mrs. G. Anderson, of New-
ton.
Rev. E. Pitt Griffiths officiated at the last rites. Cremation followed.

Mrs. Downey moved to White Rock from Vancouver with her husband eight years ago and resided at 15365 Bellevue Crescent at the time of her death.

Mrs. Downey was born at Innisfail, Sask., and resided there for a number of years.

She is survived by her husband, George, one son, Allan Downey of North Vancouver and two grandchildren, also two brothers, Roy Smith, Port

Church of Ascension Sunday Schools divided

During the past two years enrolment at the Church of the Ascension Sunday School has nearly doubled, causing overcrowding in the Sunday School room which adjoins the church.

Confusion for both teachers and pupils developed from constant teaching of too many pupils in too small a space.

At a recent teachers meeting it was found that the only solution to the immediate problem was to hold two sessions on Sunday morning to commence February 7.

Children eight years of age and over will meet at 9:45 a.m. and children under eight years of age will meet at their usual time of 11 a.m.

It is hoped with this new division of classes that teachers will be able to give better and more thorough instruction to their pupils.

Lay chairman to address Church WA

Danby Hannah, chairman of the Lay Association of Fraser Presbytery, will be guest speaker at the regular meeting of the Woman's Association of the First United Church.

Meeting will be held on Tuesday, Feb. 2 at 8 p.m. in the church lounge.

Mr. Hannah will report on the recent Laymen's Conference of Evangelism in the church.

White Rock man

Miracle of child's cure brings faith to singer

by Christina Stewart

Inspiration was brought to scores of lower mainland residents Sunday morning when White Rock's Bill Thompson, 14527 Sunset Drive, initiated his fifteen minute devotional program "Songs of Faith" over radio station CHUB, at 8.45 a.m.

To baritone Thompson, who for the past 15 years has covered many of the supper clubs and cocktail lounges from Montreal to Vancouver as a vocalist, Sunday's program was the aftermath of the great change he has realized in his life.

Thompson drew crowds as a gospel singer in Toronto prior to the war and served as a Christian youth leader in one of that city's largest churches. He worked in conjunction with Charles Templeton, who at that time was minister of one of the most thriving churches in the city. His interest grew to the extent that he enrolled in an evening Bible course at the Toronto Bible College and later studied under Dr. Philpot, well known Bible teacher.

War broke out and Bill found himself in Holland with the Fifth Armored Division for five years. He was wounded on duty and ended up in a military hospital where his talent for singing was soon realized and Bill was quickly put to work by his buddies singing their old favorites. Upon his release from hospital he sang over a radio station in Halverston three times a week and later recorded for Decca in London.

With the war's end he returned to his home town, Toronto, and there signed a contract with the CBC on their pop session and a local Toronto station.

Far away fields beckoned him and under the name of Bill Jayson he began to tour the States with Freddy Martin and later formed his own troupe, covering the States as far west as California.

Upon his return to Toronto, his first network appearance was on Startime where he quickly became a favorite. But show business didn't satisfy Bill. There was a void in his life which made him miserable and in 1954 upon completing his last club date he decided to quit it once and for all.

He headed west with his wife to Chilliwack, where her parents resided and where he engaged in directing the choir of the First United Church under the ministry of Dr. Glover.

It was upon a chance drive to White Rock that Bill and his wife decided this was the spot where they wanted to reside, and so they settled here five years ago.

Alcoholism had been causing repeated heartaches for this young family. But the biggest concern was the heart condition of their four year old daughter, whom doctors had discovered suffered from a hole in the heart which seemed irreparable.

Friends heard of the child's condition and they began to pray for her and her family with the result that a local doctor examining the child confessed, "It is nothing but a miracle that has healed the hole in this child's heart." The child was pronounced cured.

This remarkable trend in events was making a deep impression on baritone Thompson. The habits of his fast, daring life still had him bound and miserable, but in his quiet moments he knew God had worked this miracle.

But they admit, seeing is believing.

Bill sincerely wants to help other people who perhaps are going through experiences similar to his own. It is because of this he has launched this non-denominational devotional radio broadcast when he not only sings the gospel message but tells of the wonderful answer to prayer he himself has experienced.

Bill studied voice at the Toronto Conservatory of Music for three years under the well known Dr. Albert Whitehead.

Hilltop comfort station sought

White Rock Ratepayers will request city council to construct a comfort station on Hilltop.

The motion was put to floor by A. T. Carlson and seconded by George Wilson, chairman of Zone 2.

Thomas Wilson felt a man should be on duty at the comfort station at all times to see that no vandalism was tolerated and that a slot machine should be installed to dispense towels.

Sunnyside

Billie Boles was admitted to White Rock Hospital last week where he received treatment after breaking his arm. All his school friends are wishing him a good recovery.

Ed Carlin of the Kinsmen Club was the guest speaker at the January 20 meeting of the Sunnyside Elementary School PTA. After a talk on the Mothers' March, slated for January 30, a number of the mothers present volunteered their services for this very worthwhile project.

Also at the meeting plans were made for the Valentine Dance to be held February 12 at the Elgin Hall when the Greenwood orchestra will provide the music.

March 11, Mr. Gratch will present an accordion variety concert at the Semiahmoo School Auditorium with Sunnyside PTA sponsoring the event. Mr. Kring's room won the class award at this meeting. The tea hostesses were Mesdames Combs, Bennaik, Renner and Davidson.

The Group Committee of Sunnyside Scouts and Cubs will meet at Sunnyside Hall 8 p.m. February 1. Final plans will be made for the father and son banquet which will be held in the Eagles Hall on February 2.

Captain and Mrs. W. J. G. Garvie of 3427 King George Highway have moved from the district and now reside in the Ocean Park area.

Last Friday the branch 66 of the Old Age Pensioners Organization held their meeting at the church hall. Captain Garvie showed colored films on the Dew Line. Both the pictures and his vivid commentary made the area "come alive" for his audience as no amount of reading on the subject probably would have done.

Judgment reserved on theft charge in city

Magistrate S. H. Gilmour has reserved judgment until Feb. 9 on a charge of theft not exceeding \$50 brought against Arne A. Roos by Mrs. Beverley Yvonne Olifson, of 1200 West Sixth Avenue, Vancouver.

Roos is alleged to have stolen a quantity of goods including children's clothing, shoes, toys, a purse and wallet and three tables belonging to the complainant.

The woman told the court Tuesday that Roos' wife, landlady of the dwelling house at 15129 Victoria Avenue, had ordered her and her four children out of the basement suite of the house on Dec. 31, 1959.

Mrs. Olifson said she took her children and moved into an upper suite in the same house with another tenant.

She said Roos removed the articles from the basement suite to his own suite and refused to return them.

Roos testified that he had held the goods until a month arrears in rent was paid, and also another bill incurred by Mrs. Olifson's husband.

He agreed to a court request that all articles except the tables be returned to the complainant. The tables will be held until the court brings in a decision.

Magistrate Gilmour imposed a suspended sentence on Douglas Flynn, 14723 Roper Ave., who was found guilty of operating a motor cycle while his licence was under suspension.

"Although Flynn is technically guilty I do not believe that

there was any intention to violate the law by this young man."

"I accept your explanation that you thought the suspension had been lifted," he told Flynn. No fine was imposed.

A charge of unlawfully practicing dentistry while not registered under the Dentistry Act brought against White Rock dental technician Jack Taylor will be heard on Thursday, Feb. 11. Case was remanded Tuesday.

City re-endorses no action stand

City council has re-endorsed its earlier stand of taking no further action on alleged charges against former Ald. Sid Fennell despite opposition from Ald. Jessie Lee.

Ald. Lee opposed a motion by Ald. Ed Irwin Tuesday that no further action be taken on a second request from Zone 1 Ratepayers that the group be provided with a copy of the city solicitor's report on the Fennell matter.

Ald. John Hynds seconded Irwin's motion.

The Ratepayers demanded a copy of the report from the 1959 council but were told the matter would be dropped.

The former council took no action on a resolution by the Ratepayers that all moneys paid to Fennell for work done for the city be refunded.

The parent body of the Ratepayers Friday criticized a claim made earlier by Fennell that the Ratepayers organization represent half of one percent of the taxpayers of the city.

The Association claims it represents all the taxpayers in White Rock.

SUB STATION

(Continued from Page 1)
intention of building a sub station and were given approval by the Provisional Council at that time.

"It is unfortunate that we have no correspondence on it, and that no information has been brought to council," Ald. John Hynds commented.

"The Provisional Council usually referred their information to the incoming council, especially on such a big thing at this," Ald. Lee said.

Mayor Harry Douglass maintained, "There must be correspondence some where. Such a big venture could not have been approved just by verbal agreement."

Ald. Max Zack pointed out, "I am not objecting to that building, but we have to change our zoning bylaw so that it will be within our law. If it is against the bylaw, we can't approve it."

HOSPITAL

(Continued from Page 1)
Planning Board whose services had been engaged by the Hospital Board.

Hon. Eric Martin, Minister of Health and Welfare, told a White Rock Hospital delegation last January that the local hospital would be included in a survey to be made by the BCHS of hospital requirements for the Lower Mainland. The survey was expected to be completed last summer.

Martin informed the Board on Dec. 23 that it was not possible to give a specific date for the completion of the survey.

He said the B.C. division of the Canadian Medical Association and the Faculty of Medicine at the University of B.C. had been asked by the government to make a study of probable trends in referrals to Greater Vancouver from elsewhere in the province and these findings would be necessary before any decision was made to enlarge the White Rock District Hospital.

Trustees feel these findings do not effect the demand and need for more beds in White Rock.

The Board has gone on record as demanding immediate planning and early construction in order to correct existing conditions.

Student awards aim of Nurses dance here

Two \$200 bursaries for students entering nurses training will be the aim of the South Fraser Chapter of the B.C. Registered Nurses at their annual dance to be held Friday, Feb. 12 at the Panda Supper Club.

Mrs. George Kelly has been named convenor for the dance. The nurses have assisted students in nursing careers in the past with the proceeds raised at the dance.

Reservations should be made by February 10.

OAP SHOULD

(Continued from Page 1)

would be entirely on the shoulders of Victoria and the people in the areas would not have any say.

Sydney Hancock said it was time the taxpayers went on strike against bearing such a high tax burden.

"There will be no relief until we do, he said. People are voting against school taxes all over."

Thomas Wilson claimed he paid \$1 per year for school taxes when he first came to White Rock and now pays \$39.50 annually.

A. T. Carlson said, "We all know that when we retire our income drops to about one third. But from the time I retire I still have to pay school taxes from \$70 to \$80 annually. My last child finished school about 20 years ago but I am still paying school taxes today."

The tragedy of Robert Burns

"The poor inhabitant below
Was quick to learn and wise to know,
And keenly felt the friendly glow
And softer flame,
But thoughtless follies laid him low
and stained his name."

The sound of bagpipes and good cheer drifted from the Silver Moon Hall Monday as the St. Andrews Caledonian Society for the Lower Fraser Valley toasted the immortal memory of Robert Burns. Like thousands of other Canadians who boast of Scottish ancestry, this local group set aside the great bard's birth date for their annual Burns Supper which featured a varied and lively program in the best of Scottish tradition.

All the world knows of the contribution made by Burns in the field of literature and his work is not only the pride of his countrymen but also the favourite of all whose hearts thrill to such lines as "were I monarch of the globe," or "the best laid schemes o' mice and men" or "Ye banks and braes o' bonnie Doon" or "O my love's like a red, red rose" and a thousand others.

Few of even his most ardent followers are familiar however, with the actual tragedy of Robert Burns. Burns must have been acutely aware of the follies which engulfed him and finally defeated him, for he wrote the lines at the top of this editorial on himself.

Newell Dwight Hillis perhaps penned one of the most fitting descriptions of Burns which we have chosen this week as the memory of the "common man's poet" returns until next January 25 to its special place in the hearts of his readers, and in the hearts of the Scots especially.

"What Raphael is to colour, what Mozart is in music, that Burns is in song. With his sweet words, 'the mother soothes her child, the lover woos his bride, the soldier wins his victory.' His biographer says his genius was so overmastering that the news of Burns arrival at the village inn drew farmers from their fields and at midnight awakened travellers, who left their beds to listen, delighted, until the morn."

"One day this child of poverty and obscurity left his plough behind, and entering the drawing rooms of Edinburgh, met Scotland's most gifted scholars, her noblest lords and ladies. Mid these scholars, statesmen, and philosophers, he blazed like a torch amidst the tapers, showing himself wiser than the scholars, wittier than the humorist, kinglier than the courtier. And yet in the very prime of his mid-manhood, Burns lay down to die, a broken hearted man. He who had sinned much suffered much, and, being the victim of his own folly, he was also the victim of ingratitude and misfortune. Bewildered by debts, he seems like an untamed eagle beating against bars he cannot break. The last time he lifted his pen upon the page, it was not to give immortal form to some exquisite lyric he had fashioned, but to beg a friend in Edinburgh for a loan of ten pounds to save him from the terrors of a debtors' prison."

"By contrast, with the lot of other worthies, Robert Burns seems to have been the child of good fortune. In the last analysis the blame it with the poet himself. Not want of good fortune without, but want of good guidance within, wrecked his youth. Save Saul alone, history holds no sadder tragedy than that of Burns, who sang the short and simple annals of the poor."

Death in the home

During 1959 more than 500 persons died in fires and a large percentage of these fire victims were killed in their own homes, according to the All Canada Insurance Federation.

The best way to prevent a fire death in your home is to take every precaution, but if a fire should start, you must act promptly to protect against loss of life and excessive property damage. The Federation, which represents more than 250 Canadian fire, automobile and casualty insurance companies, makes these recommendations for safety in the home:

- (1) When a fire starts, have everyone leave the house immediately.
- (2) Do not wait to dress yourself or children; simply wrap yourself in a blanket or coat.
- (3) As soon as everyone is safe, call the fire department.
- (4) Use a neighbor's telephone to call for help rather than waiting in your own home.
- (5) Do not attempt to fight the fire yourself until the fire department has been called.
- (6) If you have time, close all windows and doors and turn off the electricity at the master switch.
- (7) Buy a fire extinguisher for your home (your fire department will advise you as to the best type) and learn how to use it properly.
- (8) Always leave complete instructions with baby-sitters or what to do in case of fire.
- (9) Keep exits unobstructed by boxes or furniture.

Our City's Employees

How about a word of praise, for those who aim to please. The tied down by regulations, our City's employees. Now take those in the City Hall, helpful, courteous, good. Between By-laws and Powers-that-be, do just as they should. Some taxpayers do be nasty, you'd think they own the City. Employees can not strike back, too bad, more's the pity. Then there are the outside workers, in either rain or snow. They sure don't swing the lead, they're always on the go. Ever since incorporation, see them working day by day. They keep steady on the job and surely earn their pay. Since we became a City, we must most candidly admit. That our employees as a whole are really doing their bit. We never hear them praised, then let's them appreciate. In saying they're doing fine, we don't exaggerate.

Commerce opens modern bank

Every modern convenience is afforded the public at the new branch of the Canadian Bank of Commerce which officially opened Monday on North Bluff Road, adjacent to the Safeway Store.

The new building consists of a basement, main floor and upper storey.

Stock room, vault, furnace room and janitor's room are all contained in the basement of the new bank.

The upper storey consists of lunch room complete with refrigerator, sink and cooking utensils for the convenience of the staff.

The main floor, which makes up the actual banking offices, features open teller counters with portable teller units, and walnut desks with walnut counters and arborite tops. A special attraction for the senior residents is the bright arborite "sit down" unit where customers may carry out their business in the utmost comfort.

Vault with safety deposit boxes and separate booth are also part of this ultra modern banking service.

Latest office equipment has been installed and all designs are of the latest creation.

Letters to the Editor

Live, Let Live

Editor, White Rock Sun.
Dear Sir,

Would you allow me just a few words in answer to Mr. Archie Everall's statement in a recent White Rock Sun. He states that Mr. Pickering did two or three jobs during the year. Does he object to an OAP earning an extra \$200 a year, or would he like to put all the OAP on the rocks. He must have a poor opinion of the White Rock contractors, when he classes the OAP along with them. Even if he did do six or seven jobs at \$200 a year, would that make him a contractor. Come off your high perch, Everall, and don't be so high and mighty. Your bread is not buttered on both sides yet. Live and let live.

Fair Play.
W. Meadley.

Sour Grapes - No

Editor, White Rock Sun.
Dear Sir,

A new concept in obtaining help has been evolved by a local heating outfit in that they ran quite a subtle and prominent ad. in your issue 14-1-60 captioned: "PENSIONER in large type" capable in bookkeeping and look after office five days a week. Some retail experience preferable but not necessary. No mention at all of heating experience and yet the writer (one of a corporal's guard or was it a baker's dozen) when interviewed by a brass-hat from Vancouver, was asked firstly: "Any experience in the heating business" and replied "no". The rest of my unbeatable qualifications he

wasn't interested in really so I knew my "goose was cooked" right there and then, and so it was. The local manager visited me at home a few days prior to this and not one word was said about heating experience nor by the local incumbent of the job who both emphasized that the Vancouver man would have the final say. This is where the subtlety comes in, don't you think. The pay was \$35 weekly, which is a low pay for a pensioner office man who is also an "experienced heating handy-man. Sour grapes, no, but a merciful deliverance, I call it. Hope you can spare the space for this. I should be so glad to hear from other interviewees.

A. E. Reed,

White Rock.

Dog Poisoner at work

Editor, White Rock Sun.
Dear Sir,

On Victoria Avenue, White Rock, a spaniel owned by Jim Douglass, 15158 Victoria, was poisoned with arsenic.

On January 15 "Sparky", owned by W. Paterson, 15152 Victoria Ave, was poisoned. Take note, Mr. Dog Hater, Sparky did not chase cars or cats nor did he dig up gardens. Please do not let the poor animals suffer that horrible death. Shoot them instead.

W. Paterson.

Support the Kinsmen-sponsored Mothers' March on Saturday, January 30. Keep your porch light burning. Objective \$2,500

City Ratepayers discuss high assessment costs

Soaring costs of assessments in White Rock were discussed at length by White Rock Ratepayers Thursday.

J. T. McDuffe pointed out that whereas in 1952 assessments in the city totalled \$4,800,000, they stood at \$11,700,000 in 1959.

Mr. S. White pointed out his taxes had increased by 90% in the last seven years.

Discussion switched to the assessor when Thomas Wilson pointed out that he was of the opinion that city council had no jurisdiction over this office.

A. T. Carlson pointed out that Wilson had the wrong impression. He stated that some properties have increased by from \$200 to \$11,000 from last year. He termed this "absolutely ridiculous" in view of the fact the government states that taxes are to be brought up to 60% of the land values.

Mr. Busse pointed out he had protested to the city assessor because of the fact he was assessed \$1200 more this year on his acreage. He feels view property and property close to facilities are more valuable than acreage in his area and should be taxed accordingly. In his opinion no equalization can actually be reached.

Ald. Ed Irwin, speaking as a ratepayer said, "I have been

going along my very merry way believing that Victoria lays down the rules for the assessor."

Fred Gillespie said, "What I can't understand is that this Equalization Act has caused taxes to jump as much as 300% in some cases."

Library Club hears city social worker

A very interesting address on the causes leading the juvenile delinquency and also some of the phases of the work handled by the Social Welfare was given by Mrs. Forest at the January meeting of the Library Reading Club. Members and friends enjoyed a cup of tea following the meeting.

A new calendar has been placed in the library by executive member, Mrs. Lilian Browne, and it is hoped that the secretaries of the various organizations will use it to record forthcoming events.

If this calendar is used perhaps the duplication of dates can be avoided, Mrs. Browne points out.

There is still a need for a round table suitable for the younger readers. Anyone having such a table they are willing to donate is asked to contact Mrs. E. Kendall, librarian.

'Inspect homes for sale' urges Ratepayers group

Recommendation that all houses listed for sale in White Rock be inspected by the building inspector in order to determine their standard was discussed Thursday at the annual meeting of the city's Ratepayers Association.

Thomas Wilson felt such a move would protect the unsuspecting buyer who buys a home and wishes to renovate it. Buyers are often informed by the building inspector that the house must be brought up to a standard which is beyond the financial means of the purchaser, he said.

He stated he had attended the court of appeal regarding two properties adjacent to his house which had been sold six times with commission realized from each sale, where the new buyer immediately turned around and sold it again because he couldn't cope with the expense that "bringing it up to the building bylaw" would entail.

T. J. McDuffe said the members were starting at the wrong end of the stick. He blamed the intolerant attitude toward the building bylaw which the council and the building inspector had adopted.

"I think we should lower our standards a little for houses that have been here for 15 or 20 years, but I feel the new ones should be brought up to the Code."

A committee comprised of president McDuffe, Thomas Wilson, Sydney Hancock and A. T. Carlson was set up to look into the matter further and to investigate the sale of property in the city.

Fringe area postal service

Need for better postal facilities in White Rock was stressed again by White Rock Ratepayers Association at its meeting Thursday.

Fred Gillespie felt larger receptacles should be installed at Bush's Drug Store so that newspapers and parcels could be mailed there. He felt the drug store warranted a sub post office.

J. T. McDuffe, president, felt that before more facilities are sought in the centre of the city better postal facilities should be sought in the fringe areas. He said a committee should be set up to look into the whole postal system as it is set up in the city.

Mrs. Ken Whipple, secretary pointed out that the postal authorities are watching the growth of the city very closely and when he need warrants it they will install more facilities.

'Marvellous support' for CARS, Mrs. Black reports

Continued support of the public in every phase of CARS work has been urged by Mrs. Joan Black, retiring president of the Surrey branch of the organization.

The plea for continued assistance by several groups and individuals is contained in the annual report of the Branch prepared by Mrs. Black.

Here is Mrs. Black's summary of the year's activities.

"1959, the fifth year of operation for the Surrey Branch of CARS has been a very eventful year.

"When the Surrey Clinic was first opened in 1955, patients were treated in a room at the White Rock District Hospital. The hospital administration allowed CARS to continue to use the room, even though the hospital was operating at full capacity and the CARS room was badly needed as an extra ward.

"However, in B.C.'s Centennial Year, the City of White Rock decided to make their Centennial project a Health Centre, and the Provincial Department of Health, the City of White Rock, and the Centennial Committee agreed that CARS should be allowed space in the Centennial Health Centre.

"In August of 1959 we were pleased to move to our large and comfortable quarters in the Health Centre.

"Our physiotherapist now is able to look after three patients at one time, and in addition the Clinic Room is equipped with "waiting room" facilities for patients, office space for the Physia; a sink and cabinet and other needed items.

GREAT HELP

"We have been most fortunate in receiving marvellous support from local organizations in our efforts to equip the clinic. A very substantial donation of \$290 from the White Rock Lions Club and \$100 from the White Rock Canadian Legion, Branch No. 8, has made it possible for us to obtain a wax bath. An electric clock from Mr. and Mrs. Axford; a portable full-length mirror from Mr. and Mrs. Onkels; plumbing from White Rock - Crescent Beach Transfer; labor from the hospital maintenance staff, Mr.

Williams and Mrs. J. Black - all these donations have made the new Clinic an efficient and cheerful room.

"The White Rock Hospital Board, no doubt at the suggestion of Mr. R. Williams, who has been one of our chief benefactors, supplied the new Clinic with curtains, rods, linens and other odds and ends, and also takes care of the Clinic laundry. We are tremendously grateful to all of these people.

"In April, the local Soroptimist Club gave a luncheon for CARS patients at the Clover Inn, Cloverdale. This was a highlight of the year for some of the nearly homebound patients.

"A partially completed hand-hooked rug donated to CARS, Surrey Branch, by Dr. and Mrs. A. L. Crease, was finished by a group of ladies in White Rock, and was raffled in September - the proceeds (\$79) going to the special fund for items which are not supplied by Headquarters. The raffle was held at a tea given at the home of Mrs. T. Bleakley by Mrs. Bleakley and some of her friends. The tea netted \$28 which also went to the special fund.

"Miss Hotter tended a booth at the White Rock Hospital Auxiliaries' Country Fair, and dispensed information about the work of CARS.

THANKS PRESS

"All through the years we have had excellent co-operation from the local press, and we cannot stress how important this has been to our operations. Frequently the White Rock Sun and the Surrey Leader send out an SOS for volunteer drivers for CARS. These appeals are always successful. Our meetings and social events are always fully covered by these papers.

"During the past year we held eight regular meetings and a general public meeting. Attendance of the nucleus of faithful members has been excellent. Our one large problem, and one which we seem to be quite unable to solve, is how to enlist members from other sections of Surrey. The Clinic in White Rock is for the benefit of patients from all of Surrey, and many times we find

it necessary to ask White Rock drivers to transport to and from distant parts of the municipality. We feel that if we could enlist the support of groups or individuals in areas such as Cloverdale, Newton, Scott-Townline, etc., we could ease our problems considerably.

"Mrs. Margaret MacMillan and Mrs. Joan Black attended the Provincial Annual Convention in Vancouver, and reported back to the membership on what they had seen and learned about CARS operations.

UGN MEMBER

"Since CARS, Surrey Branch is a member of the UGN Appeal, the membership of our group assists with the canvassing in this area. Last year we took care of Zone 8, and the Chairman of the local drive informed us that we did a fine job of collecting. This was a blitz drive by six members of our branch, and two supporters.

"From the foregoing I'm sure you will all realize that the work done by the Branch is worthwhile and rewarding. The physiotherapist's report will give you an idea of the number of patients treated during the year. This is a large area, with unfortunately, a large arthritic population.

"We need the continued support of the faithful members, friends, and organizations who have helped us with everything from hanging curtains to transporting patients, and we need the help of others in the area if we are to continue our splendid record. My personal thanks to all who have helped us."

Holy Trinity elects officers

Annual vestry meeting of the congregation of the Church of the Holy Trinity, White Rock, was held on January 15 with Rev. E. Pitt Griffiths presiding.

In his opening remarks, Rev. Griffiths said it was the 10th annual meeting at which he had presided and thanked all the organizations for their work during the year.

He also tendered his thanks to Rev. H. Berry for his outstanding contribution to the congregation.

The treasurer's report showed a healthy and encouraging financial picture. A splendid review of the past year was also given.

Officers elected for the coming year were: Rector's Warden, Mr. H. P. Bishop; Peoples' Warden, Mr. H. C. Cooke; delegates to Synod, Messrs. W. H. Mosher, J. G. D. Knight and E. V. Haraway; alternates, Messrs. W. C. Revitt, H. C. Cooke and F. Shire; sidesmen, Messrs. R. Cooper, J. Daines, J. G. M. Meyer, W. A. Morrison, E. Blake Morrow, Dr. E. C. Robin and Mr. R. Sloan.

Fire destroys art collection on Blake

Loss by fire last week of an art studio, containing a quantity of ceramics, sculpture and painting was the disheartening experience of Mr. and Mrs. S. H. Clarke of 1982 Blake Road.

Since moving here from Vancouver two years ago they and their fellow artist Miss Dodman worked at converting a barn on the property into a studio and they turned out a quantity of very fine material.

Keep your porch light burning on Saturday

Bill Bach is campaign head

Bill Bach has been named to head White Rock Kinsmen's Mothers' March geared for Saturday, Jan. 30, starting at 6 p.m.

Bach has appealed to all residents of White Rock and district to keep their porch lights burning on that night in order to aid the campaign for child care, polio and rehabilitation.

Bach says he expects a record number of mothers to take part in the blitz and hopes that net profits will surpass the \$2500 quota set by the Kinsmen.

Speech and hearing problems are two of the foremost concerns of the Marching Mothers and Bach has issued the following statement on the progress being made against these diseases:

The earlier children with speech and hearing problems receive diagnosis and treatment - the better.

This is the viewpoint of Dr. David Kendall, director of a major Speech and Hearing Program for B.C. children, who states: "We would like to receive children with hearing impairment as early as three to four months of age, if possible, rather than as late as three to four years."

This program, one of the foremost speech and hearing services in Canada, is jointly administered by the Health Centre for Children, Vancouver, and the Kinsmen-sponsored B.C. Foundation for Child Care, Poliomyelitis and Rehabilitation.

The diagnostic service is based at the Health Centre, while the therapeutic clinic is presently located at the Foundation's headquarters in Vancouver. The recently opened speech and hearing clinic at the Foundation's Victoria office is a further development of the program.

Children with speech and hearing defects are provided with full diagnostic and therapeutic services through this program, which has no private counterpart. More than 100 children, whose ages range from a few months to 16 years of age, are presently receiving aid. In 1958-59, 3600 consultations were held, while more than 500 children received speech and hearing assessment by the Kinsmen Mobile Hearing Clinic.

Children with hearing problems are trained in use of a hearing aid and in lip reading, while their parents also receive special counsel. A special hearing testing technique is used which provides greater refinement in testing degree of hearing loss in children under 2½ years. Children with loss of speech or severe speech defects are also given specialized care.

Patients are referred by family physicians, public health units, audiologists and patient care chairmen of the 75 B.C. Kinsmen Clubs.

As field services form a vital part of the program, speech therapists are conducting free classes for children in need of speech correction on Vancouver Island and in the Fraser Valley area and this service soon will be expanded to other strategic locations in B.C. Research, including studies into the causes of deafness, is another vital part of the program and is conducted in conjunction with the University of B.C.

To aid in the support of this essential program, the Foundation has budgeted \$65,000 toward the programs' 1959-60 budget of approximately \$100,000.

Pie sale to aid Sunnyside Clinic

A pie sale will be featured at the Sunnyside School on the noon hour of Tuesday, Feb. 2, in aid of the Sunnyside Dental Clinic. Pies will be donated by PTA members and sold to the school children and sold at 10¢ each.

A \$50 donation from the White Rock Lions Club was re-

With the aid of a drum, Dr. David Kendall teaches Janine, 3, who has a hearing disability, to respond to sound by placing rings over a pole. This is a game to Janine but it provides valuable information for those helping her to overcome her hearing disability. Dr. Kendall is director of a major program for B.C. children with speech and hearing defects. This program is jointly operated by the Health Centre for Children, Vancouver, and the Kinsmen-sponsored B.C. Foundation for Child Care, Poliomyelitis and Rehabilitation.

ector of a major program for B.C. children with speech and hearing defects. This program is jointly operated by the Health Centre for Children, Vancouver, and the Kinsmen-sponsored B.C. Foundation for Child Care, Poliomyelitis and Rehabilitation.

Our Marching Mothers to campaign for \$2500

Marching Mothers of White Rock and district will be out in full force on Saturday, Jan. 30 in an effort to reach their minimum objective of \$2500 for child care, polio and rehabilitation.

The annual campaign is sponsored annually by the Kinsmen Club of White Rock who organize community-minded mothers for the marching one-night blitz which kicks off at 6 p.m.

The Kinsmen Club will again have the support of Parent-Teacher groups in the community and hope to win the support of all resident in this area.

A total of \$325,000 is the objective of this year's Kinsmen-sponsored Mothers' March to be held throughout B.C. this month.

This amount is required to continue the comprehensive program of research, prevention, education and treatment services of the Kinsmen-sponsored B.C. Foundation for Child Care, Poliomyelitis and Rehabilitation.

As prevention of disabling diseases plays a major role in the Foundation's program, the Foundation has been actively

engaged in the promotion of Salk Vaccine, (best available protection against polio), since the vaccine's inception in Canada in 1955.

Plans are being made by the Foundation for another province-wide Salk Vaccine Campaign to be held early in 1960 through the 75 B.C. Kinsmen Clubs. The Foundation has budgeted \$25,000 for equipment for the anti-polio clinics.

Treatment services form another important part of the Foundation's program. In 1959, the Foundation provided hospital and medical care for 953 persons with disabilities, either congenital or acquired, and ineligible for assistance elsewhere. Last year, the Foundation spent \$138,000 on treatment service, while in allied fields, \$107,300 was spent on research and prevention; and \$12,500 on education.

Also in the treatment field, the Foundation jointly operates with the Health Centre for Children one of the finest speech and hearing programs in Canada. The Foundation has budgeted \$65,000 for the coming year toward this rapidly expanding program, which

provides diagnostic and therapeutic services for all B.C. children with defective speech or hearing.

In research, the Foundation annually contributes \$5,000 for the Kinsmen Chair of Neurological Research at the University of B.C., thus aiding research in neurological diseases, with emphasis on polio.

Aware of the need for training of teachers of handicapped children, the Foundation is making a grant of \$12,000 a year for the next three years to PBC, thus providing Canada's first Professor of Special Education, Dr. J. A. Richardson.

The Foundation's program, which does not duplicate the services of other B.C. agencies or institutions, is made possible by funds raised in the annual Kinsmen-sponsored Mothers' March held in January.

Under the direction of 2,000 Kinsmen, 20,000 community-minded mothers will voluntarily canvass B.C. homes for contributions on behalf of the Foundation's program on January 30.

On The Alleys

with Stew Maxfield

Unit 46, White Rock Branch, Army, Navy and Airforce Veterans put up a very good showing in Victoria last Saturday afternoon in the Provincial Command play down for the Provincial Trophy, coming in in fourth spot with 3086 pins, Scratch Bowling.

Only about 50 pins separated Taurus, (20th and Main Branch), New Westminster and White Rock in 2nd, 3rd and 4th spots. Victoria, who held the cup last year, took a commanding lead from the very start and went on through to win the cup again this year with about a 300 pin margin.

If all goes well with the gods of fortune, the tournament will be held here at the Idle Hour Alleys next year, and then we believe, that with the games being played on home grounds, we will capture the cup.

The Fraser Valley Roll-Off is shaping up into quite a fight with some of the old reliables beginning to take on a bit of form as I predicted.

The ladies are still being led by the top two, Maria Soady and Vi Westgate, with the exception that they have changed position. Vi now has a 46 pin lead on Maria in place of the 26 pins she was down last week. However, they both had better watch for Helen as she has piled up 1706 pins in her first two sessions already. Two other girls that are a threat to their lead are Pat Lay and Wynne Frank.

In the male section, Bob Blount has been shoved into second spot after holding the lead for two weeks by the old fire ball Gerry Douglas. For some reason Alec Smith failed to turn up last Sunday, however, he will be able to catch up that roll, and all he will need is another 800 to shove Bob down one more step. I wonder if he can do it? The way that he has been hitting, my guess it yes.

George Westgate came up with a triplicate in 10 Pin last Friday night to qualify for the Triplicate Chevron from ABC. What did you say the scores were George? Anyway, away goes a letter to headquarters for the award. What happened to Ken Stewart this week? He didn't get knocked over! Mrs. Morgan of the Old Age Pensioners League took Ken's door prize last Saturday.

An attempt is being made to line up a match with the Old Age Pensioners and the Blind for February 6, Saturday night, at 7:30 p.m. Should prove to be quite an affair, and a lot of fun to all.

Was just checking through the latest issue of the "Woman Bowler" and some of the scores, while not to be sneezed at, are not so very much better than our bowlers are doing. Had my attention drawn to a very funny article which could apply to our Lady 5 Pin Leagues, so with a few changes and my thanks to the "Woman Bowler" here it is:

MURDER AT THE IDLE HOUR

If your dis is murder, mystery and intrigue, Why not try bowling on a housewife's league? The way we bowl is murder, and why the mystery, The intriguing thing about it you're about to learn from me.

Our goal is a round 300, we have yet to dream of four, But we are often glad to settle for a miserly score.

And after weeks of going steadily from bad to something worse, We'd swear we'd never bowl again, if we were prone to curse.

Then like a fairy with her magic wand, We'd rack up a rousing score. Almost made it! That's what does it! And we're on the hack once more.

1:30 Tuesday and Thursday afternoon confidently we begin.

As we once more start dreaming of our 300 pin. Only lacked a few pins last time, this will be the day for sure; Did we do it? Yes, you guessed it, rolled a stinking 94.

It's a day of frustration, good fellowship and fun, With bravado and competition all rolled into one. "Needs improvement" are the pass words to the merry pixied dolls, Shooing youngsters off with one hand while the other grabs the ball.

Leaving dishes, beds and dusting for later in the day, Wouldn't mind the rush at all if the kids just wouldn't say, "Hey mom, how did you bowl?" One twenty? Not bad, One seventy? Gee! That's good. What did you do the last game? Oh no, not 83."

That's the ending of my story girls, It's been going on for years Would you like to come and join us? We're the White Rock Bowlateers. (Written with apologies to the good bowlers, and joy in my heart that there are others who bowl like me!)

WEEK'S RESULTS

B Men Commercial: men's 1, Terry Maxfield, 280; men's 3, John Fletcher, 684, team 3, Bluebird, 2888.

Thursday Major Mixed: men's 1, 3, Gerry Douglas, 341, 875; ladies 1, 3, Helen Maxfield, 265, 711; team 3, Sea View Meat, 2956.

Mr. and Mrs. J. Wesley Smeltzer celebrate 59th wedding anniversary

by Mrs. B. Marcus

Wednesday, January 13 was a day of great excitement in the beautiful home of Mr. and Mrs. Paul Larson at 14411 Marine Drive.

Mr. and Mrs. J. Wesley Smeltzer, who left their life-long home in Halifax, Nova Scotia in 1957 to make a new home with their daughter, Mrs. Larson, in the milder climate of White Rock, celebrated their fifty-ninth wedding anniversary on that day.

At an "at home party" given for friends and neighbors in the afternoon, Mrs. Smeltzer, looking very young and charming in her plain black dress, relieved by a beautiful corsage of pink rosebuds, received with her husband the congratulations and good wishes of all.

Meridian - Douglas

This community was saddened by the death of Miss Edna Pentland of 17108 Campbell River Road on Friday, January 22 in Royal Columbia Hospital, after a lengthy illness. She was buried on Monday in Fraser View Cemetery.

Mr. Fred Dewhurst of Grand Prairie is spending an extended visit with his niece and family, Mrs. Bud Smith, North Bluff Road, after an absence of 30 years.

Terry Shepherd, North Bluff Road, had the misfortune of falling at school last Friday and received a cut above the right eye, requiring 3 stitches to close.

Mr. and Mrs. Herb Strome and family of Coquitlam spent Saturday with the former's brother in law and sister, Mr. and Mrs. H. Lang, Campbell River Road.

Mrs. H. F. Smith of Victoria was a weekend guest of Mr. and Mrs. J. E. Graham, formerly of Coast Meridian Road and now

Mr. Smeltzer gallantly remarked to the writer, that while fifty-nine years might seem a long time, to him it was as yesterday that he had married his bride, Sarah Young, at Halifax. Tea was served by Mrs. Lar-

WHITE ROCK SUN THURSDAY, JANUARY 28, 1960 9

son and Miss Inge Sussbauer, greetings from their younger son, Arthur of Halifax, and a long distance call of congratulations from Mr. and Mrs. Smeltzer's older son, Ralph, and his family, from Sudbury, Ont.

Best wishes and congratulations again, Mr. and Mrs. Smeltzer, and may your celebrate many more anniversaries together.

An enjoyable evening was made doubly enjoyable by

Variety of entertainment marks Caledonian Society's Burns Supper

The St. Andrews Caledonian Society's annual Burns Supper was held in the Silver Moon Banquet Hall on Monday evening, January 25, and proved a great success.

President John Amos, chairman, called first for the singing of O Canada, then followed the piping in of the Haggis by Alex Ferguson, with the Haggis born aloft by Bob Stenhouse with Hugh Armstrong, Sword Bearer, bringing up the rear.

Jim Hazlett recited the Selkirk grace. Alex McBeth gave the address to the Haggis after which the participants spent a pleasant time enjoying the traditional Scottish dishes.

Fred Gillespie called for the toast to the Queen. Chairman John Amos, with well chosen remarks, made everyone welcome.

The toast to the immortal memory was given by Magistrate John Hunter and the toast to the "land of our adoption" by Tom Irwin.

Jack Miller gave the toast to the ladies and Mrs. Alex Ferguson responded.

Interspersed throughout the program were characteristic vocal solos by Mr. Albert Mansfield, Mr. Deane, and Mrs. Julie Ciro with Mrs. Ian Duncan and Mr. W. McKean accompanists.

Accordian solos by Miss Inge Sussbauer brought in community singing.

One of the highlights of the

evening was the piping and dancing of three little girls dressed in Highland costume.

Peggy Doyle served as piper and Terry Carter and Carolyn Keyworth danced the Scottish numbers.

The chairman proposed a vote of thanks to the artists and all who helped to make the occasion such a success. After the singing of the national anthem a period of Scottish dancing was enjoyed.

Players annual meeting scheduled for Feb. 5

White Rock Players Club will hold its annual meeting on Friday, Feb. 5, at 8 p.m. in the new Little Theatre on Johnston Road. New members are welcome.

Irene Green is VON president

Mrs. Irene Greene was returned as president of the White Rock Branch of the VON at the annual meeting held at the home of Mrs. L. Marshall, Marine Drive.

Mrs. Connie Matheson was named vice president; Mrs. Joan Simpson, treasurer; Mrs. Kathy Neville Smith, secretary; Mrs. Bess Conner, publicity; Mrs. Grace Knight, sick convener, and Mrs. Jessie Houston, social convener.

Four layettes have been completed and sent to the VON at Cloverdale and a fifth layette is in the process of completion. The group has raised a total of \$230 during the past year.

The next meeting will be held at the home of the president, Mrs. Green, Buena Vista Avenue, on February 18.

All donation to this work will be greatly appreciated.

Torpedo first guided missile, Rotary told

The torpedo may be classed as the first guided missile and one which still plays an important part in naval warfare, Commander O. H. Messick told White Rock Rotary Club Tuesday.

Commander Messick, resident naval overseer of Burrard Drydock in North Vancouver spoke on "Progress in the Canadian Navy" when he addressed the Rotarian luncheon at the Silver moon.

He spoke and showed films on the progress made by the navy during the past decade. Latest technical equipment has made it necessary to obtain additional maintenance crews as well as operating seamen, Commander Messick said.

The navy has been modernized with bunks and pillows replacing hammocks. Even individual reading lamps are now provided. Latest cooking equipment has been installed in the kitchens.

Three destroyers were dispatched to the Korean War at the outset, with two more following later, Commander Messick said.

He outlined the part the Canadian navy played with NATO both in the Atlantic and European waters.

"Four of the Canadian destroyers were actually built in Canada. Since 1955, several other destroyers have been built and commissioned. They are equipped with the latest anti-sub and anti-aircraft equipment."

Mr. J. J. Hodgkinson of Dawson Creek, who has visited with White Rock Rotary for the past two weeks, presented the local club with his club's Rotary banner.

WILBUR DAWSON

(Continued from Page 1)

Mr. Dawson assisted in raising funds for construction of the hospital and has been a trustee and honorary treasurer since. White Rock District Hospital commenced operation in 1955.

He was named as president of White Rock Board of Trade for one term and then was elected second vice president, first vice president and president of the Associated Boards of Trade of the Fraser Valley and Lower Mainland.

Wilbur still serves on the Board of this Association and is also presently a director of the B.C. Chamber of Commerce.

Mr. Dawson is a member of the Zoning Board of Appeal for White Rock.

During World War II, when stationed at Duncan, he was chairman of the Vancouver Island section of the Civilians Advisory Committee to the Armed Forces.

During the First World War, Mr. Dawson served with the Canada Field Artillery and went overseas in May, 1916. In September, 1918, near the Canal du Nord, he was wounded and lost his right leg close to the thigh.

Because of his war disability, Mr. Dawson claims his athletic achievements have been "negligible."

He did concentrate on swimming and diving, however, and at a swimming meet for amputees from all over Canada held in Victoria in 1932, Wilbur turned out to be the "dark horse" and won all the first prizes including being a member of the winning relay team.

What does a man, who despite a war disability, has probably been more active than the average person, do when he retires?

Wilbur makes it quite clear that he intends to make White Rock his permanent home.

Mr. and Mrs. Dawson will visit friends and relatives in the southern United States during February and March and next winter they intend to take a "slow boat to China" which will mean being away from their home for several months.

Both Mr. and Mrs. Dawson are ardent gardeners and intend to give much of their spare time to this favorite hobby.

The Dawsons have a piece of waterfront property on a well protected bay on Salt Spring Island and intend to make this their summer headquarters for boating, fishing, and other leisure activities.

Recalling some of his humorous experiences in his extensive banking career Wilbur relates:

"When I was a paying teller in Victoria during the era of real, wired-in cages, I met one of our customers on the street with his five-year-old son. Knowing them quite well, I stopped and had a few words with them. Much to my surprise the son turned to his father and said 'How did he get out of the cage?'"

"The best compliment I ever received was when my son and I met an acquaintance who was also on crutches. Later my son remarked that the friend was in 'terrible shape' and I replied he was no worse than I was. My son replied 'Oh yes, but nobody ever notices that you are on crutches.'"

And no one ever does notice that youthful-looking Wilbur Dawson uses crutches. His vitality, interest and good humor both in banking and in public service is the simplest way of explaining why White Rock is going to miss its "community leader and bank manager emeritus."

Work begins on park area here

Work commenced Wednesday on an area 300 by 150 feet just east of the road allowance at the North Bluff end of the Ruth Johnston Park, which the council hopes ultimately will result in a first class sports area for this city.

The brush clearing now being carried out is under the winter works program for which the city receives aid from the Federal government. Total cost is expected to be \$3,600.

Ald. John Hynds told Council every precaution would be taken to preserve the fine trees in the area, with some which necessarily must be removed, being transplanted along the North Bluff road frontage.

Ald. Hynds said this initial clearing is the "first rung on the ladder" to bring proper sports facilities to the people of this city.

Council supported Ald. Jessie Lee's motion that the city council attend church in a body at a civic service Sunday, Jan. 31.

Shower honors for bride elect

Bride-elect Barbara Walters whose marriage to Mr. William Beasley will take place on Feb. 13, was guest of honor at a shower given Saturday evening by Mrs. Phil Procter and daughter Mary Anne at their home on Buena Vista Avenue.

Gifts were presented to the honoree by her younger sister, Joyce, and Miss Nancy Procter. The gifts were contained in an artistically decorated box.

The bride-elect's mother, Mrs. F. C. Walters, poured tea. Guests included: Mrs. Ed Woodie, Mrs. Doug McLean, Mrs. John Warren, Mrs. Harry Beasley, Mrs. Vin Coyne, and Misses Irene Harrison, Sandra Woods, Connie Locke, Pat McCormack, Sharon McBride, Jo Anne Duck and Mary Anne Shields.

Poison control centres in 23 key B.C. hospitals form one of the many vital services provided by funds raised in the annual Kinsmen-sponsored Mothers' March. These centres, including the one located at the Vancouver General Hospital, provide information on emergency cases of poisoning for doctors, thus saving them pre-

ious moments of research in poison cases. Information is also available for the public at these centres, when family doctors are unavailable. This is another vital community service made possible by proceeds of the Kinsmen-sponsored Mothers' March. B.C. objective of the 1960 Campaign is \$325,000.

New Bank of Montreal manager appointed here

The Bank of Montreal has announced the appointment of John F. Donnelly as manager of its White Rock Branch. He succeeds C. Wilbur Dawson, who retires on February 1, after a banking career of 45 years.

Mr. Donnelly, a native of Regina, joined the B of M there in 1929. He subsequently served at several of the bank's branches in Saskatchewan and British Columbia before enlisting with the 1st Canadian Corps in 1940. Promoted to the rank of company sergeant-major, he took part in the invasion of Italy and was later mentioned in dispatches.

On his return to Canada, in 1954, he rejoined the bank, and, three years later, was appointed accountant at Port Alberni.

In 1951, he was transferred to New Westminster and, two years later, became assistant

manager at that branch, where he remained for a further two years.

He was appointed manager of the bank's office at Whitehorse, Yukon, in 1955, and served there until moving to the assistant general manager's department, Vancouver, in 1957. He left that post to assume management of the local branch.

Church communion service, reception

This Sunday there will be a Communion Service at 11:00 a.m. at First United Church, White Rock, when new members will be received into the fellowship and everyone interested is invited to attend this service.

The Session of the Church have arranged for a special Preparation Service for the Communion this Sunday, to be held this Friday, January 24 at 8 p.m. in the Church when opportunity will be afforded the congregation to meet the new members being received on Sunday. There will be a time of social fellowship afterward in the hall.

At the Communion Service on Sunday new elders recently appointed to the church will be inducted to their office.

Socred groups to meet in February

White Rock Social Credit group will meet on Friday, February 5 at 2 p.m. at White Rock Lodge, Washington Ave.

The Socred Ladies Auxiliary will meet on Friday, February 12 at 2 p.m. at the Lodge. Members and friends are welcome.

Final address by Pollock this Sunday

At the Gospel Chapel, corner of Thrift and Foster, the assembly have had a month of ministry through Missionary Matthew Pollock.

The concluding address for this visit will take place this Sunday. It is hoped that the speaker will return in September.

On Sunday, February 7, Mr. Arthur C. Peterkin from Barbados will address the 11 a.m. Bible Hour, and again at 3 o'clock tell of conditions and work among the people among whom he has been laboring.

Visitors are very welcome to these meetings.

Licence action still pending

Committee members decided January 19 to consider trades licences in the city further before taking any action on the present bylaw.

The matter was held over following discussion on a complaint by E. Pickering who claims he was asked to purchase a trades licence for carrying out odd jobs.

Mayor Harry Douglass said Pickering should be exempted from paying a trades licence if it could not be proven he was contracting.

Ald. Ed Irwin said "I feel Building Inspector Archie Ever-

all's opinion must be given some consideration. He wouldn't bring this thing before us if he didn't feel Mr. Pickering had actually been contracting."

"I don't want to see any more of Gillespie cases in the city of White Rock," Mayor Douglass stated.

Gillespie had claimed the former council discriminated against him in forcing him to move his garage. Other garage owners whose garages also protruded onto city property were not asked to move their garages, he claimed.

Senior Citizens organizer V. W. Plant looks back on 80 colorful years

V. W. Plant, organizer of the Senior Citizens throughout British Columbia, celebrated his 80th birthday on January 10 with the same optimism which has carried him through many years of varied experiences.

In recognition of his fine service on behalf of the senior residents of the community, the Senior Citizens' Association of which he is vice president, and past president, presented him with a useful briefcase.

Mr. Plant was born in Beluchistan, India, the son of a doctor who went to India with the British semi-political, semi-military expedition.

At the age of six Mr. Plant returned to England where he entered Sandhurst and graduated in 1899 at which time he was gazetted to the Colony of South Africa with the Calvary.

He emigrated to Canada in 1903 and farmed near Saskatoon, but found after two months that he was apparently a hired man without pay, so soon turned to freighting between Battleford and Lloydminster.

He joined the Royal Northwest Mounted Police in 1904

and served with them until 1915 when he left with the 4th Division for overseas duty. He returned in 1919 with his D.C.M. and two or three scars.

Mr. Plant then turned to raising a family, six sons and one daughter, and resided in the Edmonton area where he operated a store.

Later he returned to Saskatchewan and served as a bridge inspector for the government until 1940 when he and his six sons joined the Forces.

Mr. Plant joined the South Alberta Regiment and was sent to Camp Nanaimo where he forsook a time of military service until his superiors discovered his age and he was discharged.

He then went into business in the island city until moving to Vancouver where he took a position as clerk in a legal office.

Mr. Plant retired seven years ago while still president of the Kerrisdale Branch of the Senior Citizens Association. He moved to White Rock in 1955 and assisted in the organization of the Senior Citizens Branch here, later becoming president.

Mr. Plant comes from a family who boast longevity. His father was still practicing medicine at the age of 93 and passed on at the age of 94; his mother lived to be 85; his father's mother lived to the ripe age of 99.

Mr. Plant lost two sons in the war. His daughter and three of his sons are married and each has six children. He also has two great grandchildren.

Returns home

Mr. and Mrs. George I. Wilson of White Rock have returned home after spending a vacation with Mrs. Wilson's two sisters and nephews in California. Mr. and Mrs. Wilson attended the Rose Parade as Pasadena and the East-West game in San Francisco.

Young thespians present program

The strikingly attractive rumpus room of Captain David Robertson and Mrs. Robertson, 15764 Buena Vista, provided the interesting setting for a delightful party staged by the latter for the drama pupils of Mrs. Laura Lukyn, well known White Rock drama teacher.

Linda Lukyn, granddaughter of teacher Mrs. Lukyn, was judged the most outstanding and versatile young thespian present at the party while Milti Hurd's reading and recitation won her acclaim from her fellow party-goers.

A display of talent on the part of each drama pupil revealed a wealth of ability.

Young Ronald Cryer, well known elocutionist, who has appeared in both Bellingham and White Rock, played an accordion solo while others sang, danced, recited and acted to the delight of the on-lookers.

In commenting of the evening Mrs. Lukyn reports each pupil displayed marked accomplishment apart from their drama training.

Mrs. Robertson provided delicious refreshments.

Murals created by Anne Robertson, daughter of the hostess, provided an interesting background for the happy affair.

Members allow cement slab

Works committee members have agreed to allow Mr. B. J. Lemieux to leave the large cement slab his house sat on, as is, until building on the said site should commence.

John L. Jones, city clerk, said that the bylaw read that it was necessary for a taxpayer to remove the foundation of the building before the bond is refunded.

Council contended that this

cement slab did not constitute a cement wall that would be unsightly, neither was it a basement that could become hazardous, but rather served as a weed deterrent and was keeping that particular corner lot in cleaner shape than it would be if Mr. Lemieux was forced to break the slab up.

Crescent Legion Aux. installed

The Ladies Auxiliary to Canadian Legion No. 240 held their regular meeting January 14 in the hall, at 2 p.m., with Mrs. Hugh Grant, president, in the chair.

Mrs. C. W. Bingham, Fraser Valley representative of the Provincial Command, initiated Mrs. A. M. Gunn and Mrs. A. E. Potter to membership in the Auxiliary.

Mrs. Bingham installed the following officers: Mrs. Hugh Grant, president; Mrs. I. Mitchell, 1st vice president; Mrs. J. Miller, 2nd vice president; Mrs. B. Hewitt, secretary-treasurer; Mrs. S. McArthur, Sergeant-at-Arms; Mrs. D. O'Donovan, social convener; Mrs. L. Armstrong, sick and visiting; Mrs. M. Williams, sewing; Mrs. I. Sturgeon, membership convener.

Winter, a bad guest, sitteth with me at home; blue are my hands with his friendly hand, shaking.

- Friedrich Nietzsche

Approve special crest for oil

Members of the Oil Heat Institute of British Columbia, at a general meeting Monday, approved of a special crest symbolizing the heating oil industry's bid to accelerate its growth in the local fuel market.

Matt Henry, president, introduced the new insignium to the Devonshire Hotel meet of fuel oil distributors for the Greater Vancouver and New Westminster areas, and guest representatives of all major oil companies.

New oil heat symbol, which will shortly be appearing on fuel delivery trucks here, will signal a brisk campaign by oil people to counter competition.

Oil dealers agree they must promote their product vigorously if they are to maintain their position in the expanding program of residential development that is taking place.

"B.C. home owners will likely derive numerous benefits from sharp competition in the heating fuel field during the coming year," was Mr. Henry's forecast.

To Ascension Island - Corporal Edward F. Oke of White Rock, B.C., an armament systems technician, is flying to Ascension Island with an RCAF detachment co-operating with the United States research agencies in gathering information on ballistic missile re-entry. Ascension

Island is located close to the end of "Missile Alley" the rocket range which begins at Cape Canaveral. Cpl. Oke shown preparing one of the CF-100's for flight is the son of Mr. and Mrs. Percy Oke of 3488 - 144 St. RR 3, White Rock, B.C. (National Defence Photo)

Choral Society plans spring minstrel show

by F. Martyn

The White Rock Choral Society completed its 1959-60 program in December and executive officers of the society gathered on January 8 at the home of the choirmaster Rev. G. B. Splitt on Blackburn Ave. to discuss activities for the spring session.

In past years, under the able leadership of Mr. Splitt, the Society has presented sacred concerts during the winter including "The Great Life", "Daniel", and more recently Handel's "Messiah".

In their spring concerts over the same period, Gilbert and Sullivan's operas have predominated, including such universal favourites as "The Mikado", "The Gondoliers" and "The Pirates of Penzance".

This year, a revolutionary change from the orthodox concepts of choral music is being considered and it is planned to introduce the group's first "Concert party and variety performance" in the form of a minstrel show - yes black faces and all the other adjuncts. Preliminary practices have already been held with every indication of successful results.

The 50 members of the Society are enthusiastic and dedicated performers, most of whom have been singing in choirs all their lives in various parts of Canada and the United Kingdom.

There must be considerable dormant talent in and around White Rock area awaiting an

opportunity to join in the pleasure of self-made entertainment.

Telephone the president Mrs. Harbidge WI 8-6683 or any member of the White Rock Choral Society for information, and come and join us. You will be cordially welcomed.

Tentative dates for the two day production are April 4 and 5, at the Park Theatre, Washington Ave., White Rock, by arrangement with the owner Mr. Jim Petrovich - and please note, you good people of South Surrey and adjacent municipalities - the proceeds will go towards assistance to the school for Retarded Children.

Watch for further announcements and be ready to turn out in your hundreds to support the efforts of the White Rock Choral Society.

Aims of new kindergarten

Experts agree that children need a certain physical, social and emotional maturing in order to read happily and with comprehension.

This maturity is largely a result of, experiencing the satisfaction of success, enjoying a wealth of experience with people, especially with other children, with pets, with the world out of doors, and with manipulative materials, gaining skills in making and carrying plans and solving problems, learning to give attention and to persevere at a task, getting help when needed by asking for it or by referring to a picture book, being able to express thoughts by such means as painting, drawing, clay modelling and block building, articulating clearly, expressing ideas to others, and contributing easily and convincingly to a discussion, being interested in stories and able to anticipate an outcome or a next incident in them, notice likeness and differences, having self-confidence and joy in accomplishment.

These are the goals of the Margaret Perry Kindergarten, which will commence February 1 at the Margaret Perry Dance Studio, over Overwaitea, 9 to 12 a.m., every day, Monday to Friday.

Ballet lessons are definitely optional and not included in the general course.

Senior Citizens honor members

Some 80 Senior Citizens were on hand for the first Senior Citizens' meeting of the new year, held in the Anglican Church Hall on Tuesday, January 19. President Albert Greenwood was in the chair.

Birthday greetings were extended to Mrs. A. V. Walker, who celebrated her 87th birthday on Tuesday.

Mrs. Walker was born in London, England, and came to Canada with her six daughters and one son in 1913. She settled in Calgary and then moved on to Innisville where she became postmistress and ran a

general store for 19 years. She retired to White Rock to 876 Habgood Street in 1939. Her husband passed on in 1945.

Members presented past president, Mr. V. W. Plant with a lovely briefcase on the occasion of his 80th birthday and in recognition of all his hard work on behalf of the group.

Weather doesn't spoil card party enthusiasm

Despite the inclement weather, White Rock Senior Citizens Association held a very successful card party on Jan. 14 in the Canadian Legion Hall.

There were 12 tables of whist and four tables of bridge.

Whist winner was Mrs. Peel with a score of 174 and Mrs. Ada Brown placed second with a score of 171.

First in bridge was Mrs. M. Peech with a score of 3900.

The next card party will be held on Jan. 28, with both whist and bridge being featured.

Well-apparell'd April on the heel

Of limping winter treads.

- William Shakespeare

To investigate cost of closing roads

Complete costs of legal fees involved in closing unused portions of city roads will be looked into thoroughly before the works committee takes any action on the matter.

Ald Jack Hynds, chairman of the public works committee, had earlier pointed out that certain roads can never be opened as through roads. These, he felt could be developed into small park areas, with picturesque lanes leading down to the beach wherever possible.

Mayor Harry T. Douglass agreed that such a suggestion was feasible but wanted to know whether the cost involved in declaring the roads officially closed would warrant the benefit derived.

Provide revenue for city, Ald. Zack says

Ald. Max Zack, head of the finance and personnel committee pointed out that the purpose of the committee was not only to approve bills or deal with taxes but it is also their duty to try to find the means of providing revenue for the city.

"Licence fees and collections and assessments on property are fine but the finance committee should find ways of improving our assessments by encouraging construction of buildings within the city which will bring in high taxes," he said.

PTA meeting

Hear mental health talk, elect Mrs. Rose Ballard

Mrs. Rose Ballard, well known Brownie leader in the city, was named president of the White Rock PTA at the regular monthly meeting held in the school on Wednesday, January 20. She succeeds past president Jean Campbell, who has moved out of the district.

Mrs. Barrows, of Stayte Road, was named vice president; Mrs. Callum, a recent arrival from Trail, was elected treasurer, and Mrs. R. Pitman, has named refreshment convener. Election of the four new officers was necessitated due to the resignation of four members of the executive.

Mrs. Janet Harris, a former past president, and president of the Junior High - Thrift PTA, chaired the elections.

Sympathy was expressed for theatre owner Jim Petrovich whom PTA members feel has made such a valuable contribution to the community and whose premises have suffered severely due to rowdiness on the part of youngsters attending his theatre.

A letter of thanks will be sent to Mr. Petrovich thanking him for all the good work he has done on behalf of the White Rock children.

The subject of firecrackers again came to the fore with members expressing the sincere wish that city council would act on the matter.

Guest speaker was Mr. Ross Coulson, councillor with the Vancouver School Board and chairman of the Education Committee of Canadian Mental Health Association.

The Association was formed in 1920 and now embraces a membership of 50,000, Mr. Coulson stated.

"As many people are ill through mental illness as with all other illnesses combined.

Treating this illness costs more money and the illness incapacitates more people than all other sicknesses combined, other than cancer," the speaker said.

"But mental illness is another disease which some day will be conquered."

The Association opened a branch on the lower mainland two years ago.

Speaking as a counsellor in Vancouver's school system, Mr. Coulson pointed out that he has found that a feeling of security and love are the main requirements to healthy mental attitudes. Without these the way is left wide open for mental illness.

A child's personality is shaped by the time he is eight years of age, and it is necessary in their very young years to feel they are really wanted.

"Many of our discipline problems in our schools today are from children who have never enjoyed a feeling of security and are lashing back at society," he said.

An interesting film dealing with the age level of from 10 to 12 was shown by Mr. Coulson.

A letter of thanks was received from the Junior High - Thrift PTA thanking the White Rock PTA for their generous cash donation and for the use of their coffee urn.

Speaker at the February meeting will be Mrs. Forrest, District Supervisor for Welfare and Foster Children. She will explain some of the details relevant to the caring of these children. The meeting is slated for Wednesday, February 17.

City ladies host rinks, are guests at Abbotsford

White Rock Ladies Curling Club was hostess to a number of visiting Valley rinks on Thursday, January 21.

Here for the event were rinks from Chilliwack, Haney, Mission, Cloverdale, Abbotsford, Ladner, New Westminster, Burnaby and the Pacific, Vancouver and Capilano clubs in Vancouver.

A smorgasbord luncheon was served the visitors.

During the morning and afternoon there was curling in which the 11 visiting rinks and one from White Rock participated.

The members of the Ladies Curling Club wish to thank Mr. and Mrs. Len Long for the use of the banquet room at the Silver Moon for the occasion and for all the assistance given.

Travelling to Abbotsford January 22 and 23 were two White Rock rinks to play in the first Ladies Bonspiel sponsored by that club.

Both of the White Rock rinks were successful in the spiel, the Stapleton rink skipped by

Art on display at Library here

Nine paintings by Miss Lorna Holcroft, president of the local branch of Palsades Arts and Crafts, are currently on display at White Rock Library.

These nine pictures are in four different mediums, showing the possibilities for each style. Six of the pictures are of White Rock and three of other B.C. points.

The paintings are: oil painting of Semiahmoo Bay, a view from Milner; pastel of sunflowers; pastel of bird feeding; pastel of birds in the snow; winter color of Dunderave, West Vancouver; winter color from Cliff Street looking towards Blaine; pastel of White Rock and lino cut of Fort Langley.

Progress keynote at Pentecostal meeting here

Reports of progress in every department highlighted the annual dinner meeting of the White Rock Pentecostal Church on January 13. The dinner was served by the ladies of the church with leaders of each department bringing their reports.

The minister, Rev. D. Anderson, welcomed into the church membership Mr. and Mrs. Charles Caldwell, well known city residents, and Mr. and Mrs. Bill Thompson, residents of the city for the past five years. Mr. Thompson has had wide experience in the field of gospel music.

Increases in the Sunday School and Young People's attendance was reported, with the latter revealing an average attendance of 40 at the regular Friday evening meetings. The Sunday School averages 80 in attendance.

The report of the Women's Mission Council revealed a total of 31 quilts had been made by the members and distributed at well as 800 pounds of used clothing collected and sent to various mission fields and to the B.C. Indians.

The building fund is steadily climbing reports indicated.

The local church will be participating in a Bible School Rally at Abbotsford when the student body and staff will attend.

Choral numbers, quartettes, trios and Bible-centred sermons will be included in the program slated for January 30 in the Legion Hall, Abbotsford, at 7:30 p.m.

From there the student body will branch out into 13 groups to take the services in the Fraser Valley Churches on Sunday, January 31. The White Rock church will have a group responsible for a service that day also.

The White Rock Church will sponsor two weeks of Revival meetings from February 16 to 28, place of which is to be announced.

Local couple announce wedding plans Feb. 20

Mr. and Mrs. S. J. Kristjanson, 16921 Boundary Road, White Rock, wish to announce the engagement of their youngest daughter, Margaret Lorraine, to Uno "Sonny" Valdemar Lovegren, eldest son of Mr. and Mrs. U. G. Lovegren, 14968 Thrift Avenue.

The wedding will take place Saturday, February 20, at St. Andrews United Church, Whalley. Rev. R. M. Warne will officiate.

Red Cross alarmed at donor response

Poor public response to the Blood Donor Clinics was viewed with alarm by members of the White Rock Branch of the Red Cross at their annual meeting held here.

It was pointed out that the response is especially poor in view of the large amount of blood required by the White Rock District Hospital.

Members suggested that a door to door canvass be held prior to the next Clinic to awaken the public to their responsibility on this matter.

In The Garden

By G. E. Sery

PRUNING APPLES AND PEARS

THE APPLE - The apple tree is usually grown as a standard, pyramid, bush, espalier and cordon. It is our principal fruit, and is cultivated largely as a standard tree. Although the bulk of our home grown supply is derived from standard trees, I think it is undisputable that the best apples are produced by dwarf trees.

Apple trees grown as large standards in orchards and gardens should be boldly pruned during their early years of growth, after being planted where they are intended to remain for life.

In nearly all cases it is correct procedure to cut out the central shoots. A tree which appears to be inadequately furnished with branches at two years after planting, is often overcrowded with branches after a lapse of four years; hence the necessity for the apparently extreme pruning in the earlier years of its life. Moreover, neglected and inadequately-pruned young trees become out of balance - which is detrimental to their vigor - as well as crowded, and the fruit they produce is frequently deficient in size and color.

First Year's Pruning - In proceeding to prune a young standard tree, first remove the central branch, then cut clean away any weak secondary shoots from among the remaining branches, and any other branch which may be superfluous. The branches that remain will then radiate from the centre and at equal distance from each other.

Now prune those branches to a strong wood bud, and that bud must be on the side of the shoot which faces in the direction in which the branch should be continued, in order to form a well-shaped and well-balanced tree. Prune each young branch in the same manner, and thus form a good framework for the tree. Each of the branches will not be exactly of the same length after they are pruned, if they have been properly pruned, and perhaps it may even look more irregular and ill-balanced than it did before being pruned, they often do, but the subsequent growth soon produces an even balance.

As the spring advances and growth becomes active, some very small and weak growth will manifest itself on the low-

er part of the branches and near the centre of the tree. These growths should be entirely removed by finger and thumb. They are useless and even injurious. If they are not easily removed by finger and thumb, they should be removed by the aid of a sharp knife.

Second Year's Pruning - The tree is now furnished with six to nine good branches, and some secondary branches which are not required for the formation or building of the tree; these may be cut back to two buds for the purpose of forming fruit-spurs and be allowed to bear fruit during the third year after planting.

It now remains to again shorten the main branches with a view to their further extension in the right direction, and to strengthen them; and to promote the production of one or more furnishing branches to fill the spaces that require filling in order to form a perfect tree.

Third Year's Pruning - At the third annual winter pruning the pruner is able to give the finishing touches to the outlines of nearly all the trees which he has attempted to form and fashion. In pruning the majority of trees the third year there will not be so many branches requiring removal. Probably one or more secondary branches are growing towards the centre of the tree; they must be cleanly cut away. Some of the same kind may be found among the permanent branches, and they must be removed, unless any of them are required to fill a space which could not be filled before.

The leading shoots of the main branches may, or may not, be better for shortening more or less; this must be left to the judgement of the pruner, who will be guided by his knowledge of the natural habit of the variety of the tree. A very robust variety may not require to be again shortened. A less strong-growing variety will, perhaps be better for having one-third the length of the shoot removed. And a rather weak-growing variety will be better for having its leading shoots cut back half their length.

Pruning in subsequent years will consist of a modification of the pruning previously described.

A word of warning should be given about the peculiar habit of certain varieties of apples to produce fruit almost exclusively, at the end of short branches, branches from four to ten or twelve inches long. Therefore if these branches are pruned in the usual manner, the fruit-bearing part will be cut away.

Fruit buds are easily discernible, being fat and oval shaped, from the leaf-buds, which thin and long.

The foregoing description of pruning standard trees are equally applicable to the pruning of dwarf trees which are grown as a bush or spreading tree. Other methods of growing these dwarf fruit trees, such as pyramid, espalier or cordon must needs be a subject for some future article.

THE PEAR - The pruning of standard pear trees in their early stages of growth is the same as for apple trees grown in that manner; with the slight exception that the natural habit of the pear tree is more erect than that of the apple. Consequently, it is not good policy to try to force the pear tree out of its natural habit; but

Great grandmother should have lived today. She would be awed by the many modern electric servants that add so much to the convenience of today's homemaker. And these electric servants deserve the best of care. A special cupboard such as the

one above places appliances within easy reach and safeguards them against damage. For free help in replanning your kitchen you are invited to write the B.C. Electric's Home Service Centre, 90, Burrard Street, Vancouver.

allow it to assume its proper shape within modified limits.

When the trees have attained their fruit-bearing stage, they must be annually inspected, and any wrongly-placed, overcrowding and crossing branch or branches be removed.

Over the glaciers of winter the summer glows.

- Mary Baker Eddy

Behold the groves that shine with silver frost, Their beauty wither'd and their verdure lost.

- Alexander Pope

WASH AND WEAR THE SAME DAY WITH AN AUTOMATIC DRYER

(and buy fewer clothes, too!)

Your automatic dryer makes the most of the new easy-care, wash 'n' wear fabrics. Wash, dry and wear 'em - all in the same day, with little or no ironing. Fast, easy - and you save money two ways: you won't have to buy so many changes and your clothes will last longer!

It's so easy to take better care of all the family's clothes and linens when you leave the job to your automatic dryer. You'll like the way dresses, children's clothes, towels and sheets turn out softer and brighter. And because they avoid weather-wear, things stay new-looking longer when you dry them the gentle, automatic way!

Visit your appliance dealer soon - talk over the wide choice of dryer models, with temperature settings and cycle times to suit every fabric, every family's needs. Learn how you can save work, time and clothing costs - with a new automatic dryer!

Council Brevities

Works committee forswore an economy measure in recommending to council that it accept the offer of the L. K. Sully and Company who offered to pay 50 percent of the cost of providing storm sewers on the south side of Thrift Ave. between Finlay and Best. The city normally pays 100 percent of storm sewers.

Members moved to take no action on the request of Mrs. Katherine Macdonald, 15093 Victoria Avenue who asked that the lane be lowered to enable cars to back out with out damage.

Ald. Jack Hynds pointed out that the garage was built about 18 inches below the grade of the lane, and if the lane was lowered at this spot the entire lane would have to be lowered.

Winter lingered so long in the lap of Spring that it occasioned a great deal of talk.

JOHN L. JONES,
City Clerk.

18 WHITE ROCK SUN THURSDAY, JANUARY 28, 1960

Reports from Ottawa

Lower mainland industry to benefit from power

The opening of Parliament was again a very colorful event. The new Governor-General and his wife looked very regal, and the opinion was that Madame Vanier had stolen the show.

The Speech from the Throne indicated there would be plenty of work to keep the Members of Parliament busy for the next six months.

It was indicated our Indians would be given the privilege to vote in Federal elections for the first time.

Amendments to the Old Age Pensioners Act were discussed. This implies that recipients of Old Age Pensions and also War Veterans Allowances will be able to live anywhere they choose without losing the benefits.

This will be a boon to some elderly people, who perhaps for reasons of health, wish to spend their declining years in warmer climates, or with their families or relatives in other countries. Safeguards must be taken to make sure this concession is not abused.

There is also a proposal to retire all judges on reaching the age of 75. Agreements have been reached with all the provinces, and this will be a major reform to our judicial system.

Revision of existing measures providing for the stabilization of farm prices for the purpose

of ensuring that their basic purpose in achieved without the wasteful accumulation of surplus stocks.

The agreement with the United States for the joint development of the Columbia will be placed before Parliament. The Federal Government is keen to participate with the Government of British Columbia in a joint effort to develop the power potentials of this great river. General McNaughton is to be congratulated for the work he had done for Canada in negotiating our agreement with the United States.

It is estimated the power we will receive from the down stream benefits will be delivered back to us at approximately one and one half cents a kilowatt and transmitted to the lower mainland in the neighborhood of three cents total cost. This alone will be of terrific value to British Columbia, especially to the southern interior and industrial districts of the lower mainland.

Creation of a new Forestry Department, which I think will likely be a department under the Minister of Northern Affairs and Natural Resources. Our forests are one of our best resources, and by far the largest earner of foreign exchange.

As Ontario, Quebec and British Columbia have well organized Departments of Forests, the Federal Department will be concerned mainly with conservation and the most effective utilization of Canada's forest resources.

Bookvan stops for February

The following is a schedule of bookvan stops in the White Rock and South Surrey districts for the month of February. The bookvan calls at each stop at the same time on the same day every second week. The library service is tax-supported and there is no charge to individual readers.

White Rock Branch is open every weekday except Wednesday from 10 a.m. to 5 p.m.

Sunnyside deposit is open every Thursday from 1:30 p.m. to 4:30 p.m.

The Library serves 9,367 students in 44 elementary schools in District No. 36.

Boundary Store, Boundary Road, Tuesday, 2 and 16, 3:05 p.m.; Crescent, Old Fire Hall, Monday, 1, 15 and 29, 2:15 p.m.; Crescent School, Sunnyside Road, Monday, 1, 15 and 29, 1:50 p.m.; Douglas, 2068 Coast Meridian Road, Monday, 1, 15 and 29, 10:35 a.m.; Elgin, Swackhammer's, Crescent Road, Monday, 1, 15 and 29, 9:35 a.m.; Hall's Prairie, at Campbell River Road, Tuesday, 2 and 16, 3:30 p.m.; Hazelmere, North Bluff and Hall's Prairie, Tuesday, 2 and 16, 2:30 p.m.; Hilltop, Pacific Avenue, Monday, 1, 15 and 29, 11 a.m.; King Geo opposite Golden Rooster, Monday, 1, 15 and 29, 10:10 a.m.; Ocean Park, opposite Post Office, Monday, 1, 15 and 29, 1 p.m.; Ray Shepherd, Bergstrom and North Bluff, Monday, 1, 15 and 29, 11:25 a.m.; Tara, garage, King George Highway, Monday, 1, 15 and 29, 9:55 a.m.; Woodward's Hill, New McLennan and King George, Friday, 12 and 26, 10:10 a.m.

Irwins' guests at Legislature opening

Mr. and Mrs. Thos. Irwin, Terry Road, and daughter Doreen, will attend the opening of the Legislature and the State Hall at Government House on Thursday, January 28 in Victoria.

There is a wonderful, secret thrill of some impending ecstasy on a frozen winter's night.

- Thomas Wolfe

U.C. Men's Club installs slate

The postponed regular meeting of Crescent United Church Men's Club was held in the Church Hall on January 19, and some 50 members and guests were present, who shared in a very toothsome supper, prepared and served by the ladies of the Women's Federation.

Promptness is the rule at these assemblies, so at 6:30 sharp the gavel was heard, followed by grace. In due course tables were cleared and club business conducted. First order of business was reading of new officials elected at last meeting, who were:

Honorary presidents, Dr. W. Willan and Rev. G. A. Affleck; immediate past president, Roy Shields; president elect, Robert Mitchell; vice president, J. H. Caldwell; secretary treasurer, Bert Lovell, assisted by W. Waite; programming, Harry Olds; welfare, Jack Briggs; attendance, Roy Hall; catering, messrs. McPhee and Killick; transportation, Dr. J. Kerster; publicity, Jack Hatton, Laurie Brown and A. E. Reed; sheriff, J. S. Singleton.

Brevity was enforced as board meeting of the church followed at 8 but Dr. Willan was listened to very intently when he enlarged on his subject "Tis later than you think."

The ladies were thanked by Dr. F. J. Folinsbee for their assistance in the catering and musical offerings.

Emphasis was laid on the church annual meeting Wednesday, February 3, when snack precedes business.

Chances are you'll never tie up alongside C.S.L.'s flagship T. R. McLagan at your Imperial Esso service station. But she's an Imperial customer all the same and an important one as far as you are concerned.

How ships like this giant grain carrier help Imperial keep the cost of gasoline down

The fuel used by the T. R. McLagan is a thick, heavy, black oil—quite different from the light volatile gasoline your car needs.

If gasoline were the only product made from crude, it would cost much more to produce. Instead, research and refining specialists in companies like Imperial have developed ways to utilize all parts of the crude, from light gases for making plastics, for example, to heavy asphalt for pavement.

In between are hundreds of other products, like the oils, greases and fuel used by the T. R. McLagan and the lubricants for your car.

Imperial's efficiency in getting everything out of the crude oil means the prices of all products are low. That's one reason government figures show that in the last five years the average price of things people buy has gone up nearly 16 per cent, while gasoline has actually gone down about half of one per cent.*

*D.B.S. wholesale price index

IMPERIAL OIL LIMITED
...for 79 years a leader in Canada's growth
